

## FOOD & FARM INCUBATOR KITCHEN PROGRAM

The Food Business Resource Center at Business Impact NW offers an incubator program providing food production space and comprehensive training to farm and food businesses. The program supports the development and market testing of value-added food products using locally sourced raw materials.

### WHAT YOU'LL GET

- Business Training and One-on-One Coaching
- Access to a production kitchen and support
- Tiered cost system ranging from no-cost and subsidized to market rate, depending on the program stage
- Connections to other business owners
- Access to capital and market opportunities
